

GSA-950-300-83

Coverall Multinorm Offshore, Red & Yellow.

Protection level : CE Category III

Description:

Waterproof, durable, and flame-retardant winter coverall designed for harsh, cold environments. Built with an insulating padded lining to ensure warmth and all-day comfort.

The coverall features a concealed two-way front zipper, two-way zippers along the legs down to the feet for easy dressing over boots, and underarm ventilation zippers for improved airflow. A detachable hood and multiple practical pockets provide versatility and functionality.

Attachment loops on the chest and back of the neck allow secure fastening of a life jacket. The waist, sleeve cuffs, and leg endings are all adjustable for a customized fit.

This coverall is ideal for professionals who work outdoors in cold climates and require reliable flame protection, weather resistance, and high durability.
